At the end of November, #keepup project hold a transnational partner meeting in Madrid with the organization of Fundación Tecnología Social (FUNTESO). Partners from Neumann Nonprofit Közhasznú Kft., CAM Consulting, Hungary, BSC Kranj and European Digital Learning Network travelled to Spain, while Camera di Commercio Italo-Slovacca / Taliansko-Slovenská obchodná komora joined the meeting virtually.

Participants discussed the project progress, the testing results of the #keepup training materials so far, and the upcoming tasks and activities. As the project closure is coming, it was very important to meet in person and talk about what we have done so far, and what we should achieve until the end of January 2023. Partners also shared their experiences of their held multiplier events and their plans for their final events.
